[illegible]

A horizontal bar chart with 30 categories on the x-axis and a vertical scale on the y-axis. The categories are represented by vertical bars of varying heights. The tallest bar, located at the 15th position, reaches a height of 30 units. The bars are colored in a repeating pattern of green, yellow, and blue. The bars are arranged in a way that suggests a distribution of items across different categories, with the highest frequency occurring at the 15th category.
